Ocean Waves

Multiple convex and concave panels unite to add incredible dimension to spaces small and large. Whether installed horizontally or vertically, there's no denying the striking view provided by Ocean Waves.

Helpful tips

- Sizes available: For intimate settings such as restaurants, lobbies, and lounges, panels of 12" and 16" high are available, in 32" and 44" lengths. For larger spaces such as atriums, convention centers, or airport corridors choose the 24" high by 44" long panel.
- Give us the dimensions of the space you would like to fill and we'll calculate the number of concave and convex panels you'll need.
- Use Ocean Waves as a room divider. We'll finish both sides of the material and engineer the product to fit your design.
- When designing with Móz Blendz, be creative by mixing and matching complementary designs.

Rolling Waves

Feel the peace and tranquility created by the rolled and formed panels that define Rolling Waves. The modular single-wave panels and snap-in system allow walls to be transformed on a grand scale – without exerting grand effort.

Helpful tips

- Sizes available: 32" and 44" widths in 8-foot, 10-foot, and 12-foot heights
- Stagger panels for an out-of-the-box effect.
- Make sure your installation is well-lit, whether from natural light or lighting fixtures.
- Customize your panels by choosing a base material, hand-etched pattern, color, and protective finish.

Breaking Waves

The smooth calm of the sea is at the ready with Breaking Waves. Impressive, double-wave panels join effortlessly together to create an undulating wall with multiplied crests. Combinations of Móz colors and patterns redefine interiors, creating pause among your audience.

Helpful tips

- Sizes available: 32" and 44" widths in 8-foot, 10-foot, and 12-foot heights
- Go for it! Breaking Waves works best on a large scale. Don't be afraid to multiply.
- Push the limits and utilize perforated aluminum illuminated from behind to light up a hallway.
- Choose a gloss protective finish to accentuate the beautiful hand-etched metal.
