

MÓZ DESIGNS MARKS 25-YEAR ANNIVERSARY WITH INDUSTRY CELEBRATION

OAKLAND, CA

Móz Designs, a major manufacturer of decorative metal surfacing materials and products for commercial, retail and hospitality installations, recently celebrated its 25-year anniversary with an industry event in Oakland, CA, where the company is based.

The reception and dinner were held at the Lake Chalet and were hosted by Móz co-founders Murray Sandford, president, and Tripp Sandford, executive vice president. The entire Móz team and their guests were present, along with industry associates.

“This celebration was an opportunity to acknowledge the dedication and hard work of our entire Móz staff and to greet many long-time industry partners,” said Murray Sandford.

“More than a dozen key staff members have been with our company for a decade or longer and have helped us expand our sales and marketing efforts, product lines and manufacturing capabilities,” he said.

The company operates from a 40,000 square-foot manufacturing facility and has recently installed new state-of-the-art CNC equipment that allows greater production capacity and faster turn-around times.
