

MÓZ DESIGNS FEATURES CUSTOM-STYLED FIXTURES FOR MERCHANDISING DISPLAYS

OAKLAND, CA

Móz Designs, a manufacturer of architectural metal products,

now offers retailers a full range of design services and materials to create custom-styled fixtures for in-store merchandising, including wall displays, tables, shelves, cabinets, signage and more.

Known for wall and column covers, Móz solid core and perforated aluminum products bring a new, creative dimension to retail merchandising. Móz metals are offered in a nearly limitless range of colors, patterns and grains that create a branded, custom look.

Móz panels are available in standard 4' x 8' and 4' x 10' sheets with thicknesses ranging from .040" to .125". All Móz metals can be custom tailored and sized to meet a retailer's specific needs.

An expanding series of Móz color collections are now offered and all can be applied to retail fixtures, including Móz Classic, Gradients, Blendz, Graphix and Engravings Collections, along with new Digital Imagery featuring custom printing on metal. Durable gloss and matte finishes are available.

All Móz metal panels are fabricated from recycled aluminum and contribute to LEED 2.0 MR Credit 4, recycled content, and are designed, sourced and manufactured at the Móz facility in Oakland, CA.
