Móz Weave

Architectural Products

Energizing Spaces

Defy the conventional by adding depth and movement to walls and ceilings with Móz Weave. Seemingly intricate designs create environments that command attention. Energize your spaces and increase the impact of your project, while adding value for your clients.

Description

Our unique Móz Weave consists of aluminum material interwoven through extruded aluminum poles. Móz Weave can be created at any scale and for various usages - from walls and ceilings, to room dividers, and even individual art pieces. A hand-crafted pattern and color are added to a 2-sided solid-core aluminum sheet, finished on both sides, available in a variety of sizes and thicknesses. Our complete engineered systems for Móz Weave provide ease of installation.

Uses

Applicable in industries such as Corporate, Institutional, Hotel, Restaurant and Residential, Móz Weave is an excellent alternative to traditionally flat surfaces such as walls and ceilings, stair railings, room and space dividers, and more. Or create your own piece of Móz Weave art, which we will fabricate to your specifications and ship ready to install.

Opposite Page: Wall Weave. University of Connecticut, Storrs, CT. Designer: Burt Hill. Color: Clear, Pattern: Kelp
Top Right: Art Weave. Color: Brazilian Cherry, Pattern: Coarse Grain
Middle: Ceiling Weave. W Hotel, Scottsdale, AZ. Designer: Hornberger + Worstell. Color: Sapphire, Pattern: Ripple
Bottom: Rail Weave. Color: Goldrush, Pattern: Coarse Grain.

Móz™ Weave

Hundreds of options in color and hand-etched pattern combinations result in distinctively beautiful metal finishes only available from Móz Designs. Choose a variety of Architectural Products or Solid-Core Sheets to incorporate into your projects. Utilize our Design & Fabrication Services to meet your full custom design needs with our ability to roll, form, and fabricate our solid-core materials, plus expert project management services. All of our products are made in the USA.

Features

- Choose from any of our 25 colors and our 14 hand-etched patterns. Both sides of the metal can be decorated and finished.
- Special finishes are available for Interiors, High Traffic Areas, and Exteriors, with gloss and satin options.
- Also available with perforated aluminum
