The Laser Cut collection allows designers to seamlessly divide spaces with a reflective natural metal or a bold colorful pattern using a durable and cost effective material solution. This versatile collection has many uses – from an interior partition or feature wall to a stunning exterior facade.

STANDARD PATTERNS
Available in 30 standard patterns with the ability to customize the size and shape of the metal cuts to control the amount of light and flow through the space. Click on pattern names below to be taken to a detail page.

- DOTS
  - Morph: 28% open area
  - Ovals: 11% open area
  - Bubbles: 27% open area
  - Pebbles: 16% open area
  - Skyline: 10% open area
  - Contrails: 13% open area

- LINEAR
  - Lines: 17% open area
  - Reeds: 16% open area
  - Shoji: 43% open area

- GEOMETRIC
  - Carte: 55% open area
  - CrissCross: 34% open area
  - Vitral: 59% open area
  - Deco: 53% open area
  - Metro: 7% open area
  - Royal: 60% open area
Available in 4’x8’ standard sheet sizes. Custom sizes available

Custom cut out designs also available with a 5 sheet minimum. Create your own pattern and supply us with a vector or dxf file. Artwork is required in order to price custom patterns. A custom sample fee would start at $500 and can take 2 weeks or more to produce. Consult with your Moz Sales Rep for more information.
MATERIAL

3/16" thick aluminum [ASTM B209] is standard for most patterns. Tree pattern is standard in 1/4" thick aluminum. Available in 1/8" thickness for decorative use in a limited selection of patterns & sizes. For heavier traffic areas we suggest 1/4" thickness.

STANDARD POWDER COAT FINISHES

Powder coats are suitable for interior and exterior applications with a 5yr exterior warranty. Ask about our Ultra Durable Exterior finishes offering a 10 to 20 year warranty. Also available in select Móz Classic, Blendz, and Gradient Collections with hand-crafted grains only.

Spec Formula | Material - Collection - Pattern - Color
Example      | 3/16” Aluminum - Laser Cut - CrissCross - Black Sand Powder

SAMPLING

Due to the large scale of the laser cut patterns, samples are often scaled down. Powder coat color chips are available to aide in selecting a finish.

GENERAL WARRANTY

Due to the production process, no two sheets are exactly alike. Some surface irregularities as well as color and pattern variations will appear. We recommend that you inspect the material before cutting or mounting by simply lifting up the edge of the protective mask and laying it back down. If any material proves to be defective, Móz Designs will be liable for the cost of that material only. In order to prove material defective a sample must be provided to Móz Designs for review. No other warranty is expressed or implied.
