Móz: Blackened Steel Patina

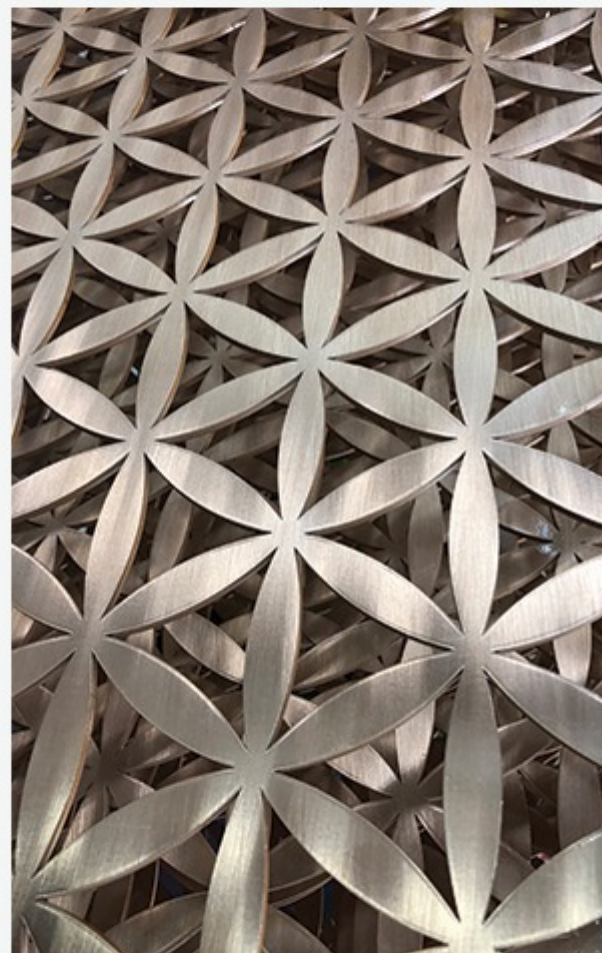

April 19, 2018

A new addition to the Blendz Patina collection from Móz, Blackened Steel Patina evokes the look of weathered steel on solid-core aluminum sheet metal. The high-resolution texture is achieved through digital printing technology. Blackened Steel Patina offers the durability of weathered steel in a lightweight .040-inch aluminum metal solution that comes in standard sheet sizes of 4-by-8-feet and 4-by-10-feet.
