Transforming Mall Dining into Must-Visit Destinations Through Design

Móz Designs brings decorative metal to a premier shopping destination in Toronto, Canada

(Toronto, Canada) March 2024 — In collaboration with WZMH Architects, award-winning metal experts [Móz Designs](#) crafted 21 remarkable Laser Cut columns, enriching the dining ambiance for visitors at Yorkdale Shopping Centre. These columns revitalize the 42,000-square-foot food court, showcasing dynamic graphic motifs and captivating backlighting. Leveraging their laser cutting expertise, Móz columns ensure visually pleasing aesthetics with material robustness to withstand bustling foot traffic. These enhancements underscore the significance of deliberately designed dining spaces to help rejuvenate malls by creating a dining destination.

Móz's Petal and Contrails patterns reflect a harmonious blend of creativity and innovation, adding a touch of sophistication to the food court. The incorporation of backlighting further elevates the ambiance, creating an inviting and immersive environment for diners and shoppers, alike.

About MÓZ Designs

Metals + Architectural Products

MÓZ designs and fabricates architectural metal sheets, columns, ceilings, walls, and room dividers in the Bay Area, CA. Using a unique balance of color, texture, and grain, MÓZ redefines metal surfacing materials to create architectural metal products for commercial, hospitality, workplace, transportation, entertainment, and retail markets, from large-scale exterior installations to easy-to-assemble products and surface applications. MÓZ's innovative products, solutions, and dedication to customer service help designers achieve their vision on time and budget. The MÓZ business, a wholly-owned subsidiary of Armstrong World Industries since August 2020, operates independently but collaboratively with AWI.
