MÓZ Designs Elevates Patient Experience with Innovative Metal Solutions

MÓZ Designs offers design-forward solutions that prioritize patient wellness in healthcare environments

(Bay Area, CA) May 2024 — [MÓZ Designs](#), a leading metal manufacturer, is at the forefront of healthcare design. The company uses cutting-edge metal solutions to enhance the patient experience through intentional and practical design that promotes healing and elevates the visitor experience.

Linda Gutierrez Director of Sales & Marketing at MÓZ Designs highlights the significance of their products in healthcare settings: "Our backlit solutions and laser-cut patterns not only provide aesthetics but also serve as a welcoming focal point for patients, ensuring durability and cleanliness in high-traffic medical spaces."

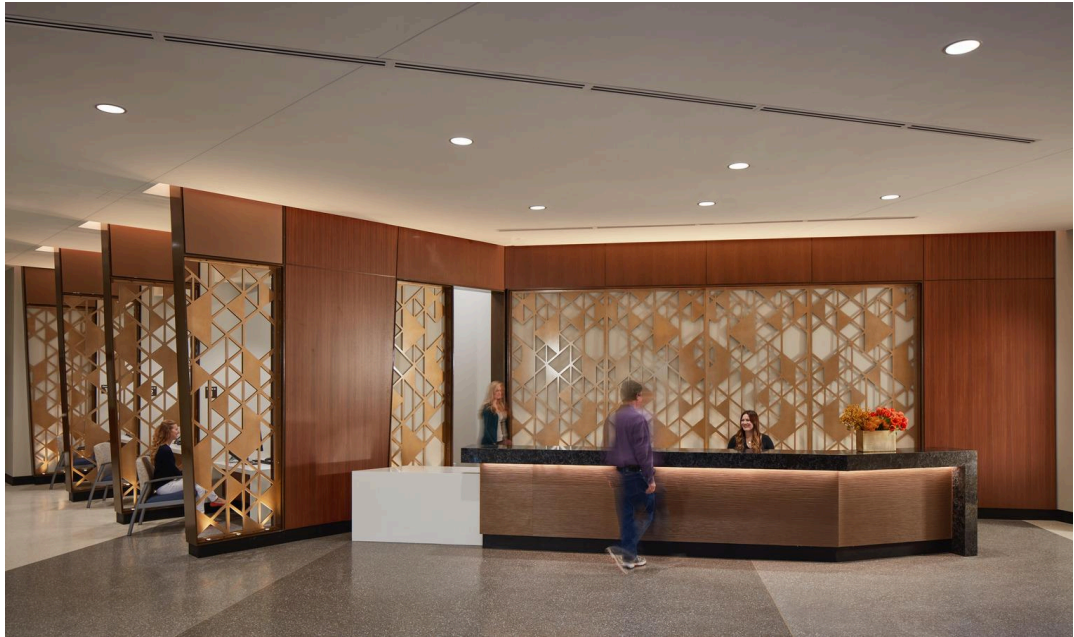

Backlit Metal Architecture Prioritizes the Patient's Wellness at Northside Gwinnett Cardio Group

MÓZ Designs recognizes the importance of integrating nature-inspired elements into healthcare environments. From column covers to dividers, their products draw inspiration from organic patterns found in nature, using warm colors to create a sense of intimacy and connection to the natural world.

"Biophilic-inspired patterns and warm backlit features bring calming light and serenity to healthcare settings, prioritizing patient comfort from the moment they arrive," notes Linda Gutierrez.

In addition to inviting aesthetics, Móz Designs' custom capabilities enhance artwork, branding, and wayfinding through laser cut design. Their creative laser-cut metal dividers offer privacy and comfort, utilizing warm colors and playful patterns to create a welcoming and easy-to-clean atmosphere. Laser-cut patterns such as Stream, Tree, Palm, and Petal infuse healthcare spaces with elegance and tranquility.

Móz Designs combines innovative design solutions with practical functionality to meet the evolving needs of healthcare facilities, focusing on patient well-being and healing throughout the design process.

About MÓZ Designs

Metals + Architectural Products

MÓZ designs and fabricates architectural metal sheets, columns, ceilings, walls, and dividers in San Francisco, CA. Using a unique balance of color, texture, and grain, MÓZ redefines metal surfacing materials to create architectural metal products for commercial, hospitality, workplace, transportation, entertainment, and retail markets, from large-scale exterior installations to easy-to-assemble products and surface applications. MÓZ's innovative products, solutions, and dedication to customer service help contractors deliver projects on time and on budget. The MÓZ business, a wholly-owned subsidiary of Armstrong World Industries since August 2020, operates independently but collaboratively with AWI.
