MOZ ENGRAVINGS COLLECTION

TECHNICAL INFORMATION:

Available Colors:

Available in all 15 standard powder coat finishes, or one of 6 pre-selected classic colors/grains (Clear, Ivory, Goldrush, Titanium, LtChestnut, Graphite). Other Classic & powder coat colors not shown in the collection are also available but are not sampled. Also available in the Blendz, Gradients, Graphix & Digital collections as a custom option.

Seaming Considerations:

Most patterns are seam-able on all four sides with the exception of Strings in a 4x10 and Circuit. When ordering mixed sizes please send us an elevation so we can help you scale the sheets to best accommodate your layout.

Please note that Matrix is a non-directional pattern.

Available Finishes:

Available in Powder Coat, Polycoat Gloss or Matte as well as Exterior finishes options. Not available with Durafilm Satin finishes.

Available Materials:

.090" Aluminum. Custom available up to .125" Not available on stainless steel, perforated aluminum or corrugated aluminum.

Available Sizes:

4'x8' and 4'x10' (maximum 5' x 10' - contact factory about larger sizes).

Applications:

Available on all of the MóZ ETA (easy-to-assemble) products including column covers, wall panels, and art. Custom fabrication is available upon request.
